IV. Public Comment
- Clara: “Hi guys, I am Clara, the CALPIRG chapter chair from UCLA and I am just here to update you on what we have been doing so far. Just as a reminder CALPIRG students is an access group that works to empower students to create change. We have chapters at all the UC campuses and we work on issues like the environment, youth voting, basic needs and public health. So just an update, we are doing the recruitment drive right now to get lots of students to be involved with us this quarter. Right now we have over 700 students that have said they are interested in getting involved. All of this work is for our kickoff meeting next week which is our biggest meeting of the year with over 100 students. Just a reminder that this quarter we are doing three campaigns. The first is our Plastic campaign which has a goal of banning styrofoam in Los Angeles county and we are hoping to do that by the end of the quarter. We are also working on a basic needs campaign to combat homelessness on campus and we are making headway on making textbooks free. Finally, our New voters project is working with the EVP office with Bruin Vote to get out the vote work, go to registration, things like that. So we have a lot of exciting things coming up this quarter and we are excited to collaborate with USAC. Thank you !”

O. International Student Representative

P. Administrative Representatives

- Orlando: “Hello everyone, hope you are all doing good tonight. Just a few reminders. Currently we are still re registering organizations and we are registering new organizations so if you know anyone who wants to start a new club, please send them to the SOLE website. Don’t forget to re-register your club. Also, this Thursday, the Campus Committee Programs Regular Fund is open and the Campus Committee Program Youth Fund is due. Both are for on campus programming. That’s all I have for tonight.”

- Jessica: “I don’t really have any updates but I did send around some informational documents about hiring, so hopefully you have been able to take a second to take a look at those. They are handy hiring guides so for any of the recent stipend positions tonight, please distribute the information as soon as possible so we can get the paperwork done. Another thing I want to say, is that as we have been having meetings with organizations and projects is just the transition back into person after being away for so long. We are now having to do a little bit of catching up with paperwork just to get things back on track. Don’t be alarmed if your projects are at this point, because we will help you get it back on track. If anything like that comes up, please reach out and we will help you navigate that. Also welcome to Lorrie, we are excited to have her on board.”
